

Minnesota High School Bowling's PA-1 Form Request to pair two or more schools

Minnesota High School Bowling's rule on pairing is rule 2.04 reads as follows:

A paired team consists of two or more high schools joining to become one team. The only justification for creating a paired team is that a single high school cannot provide enough bowlers to have its own team (at least 5 players). All teams wishing to be paired must apply for pairing by submitting a written request to the BPAM state office. Teams should use form PA-1 to apply for pairing. Even if two or more schools have been paired in the past a pairing is not legal in 2011 until the MHSB commissions has approved the request for the current season. All pairings should be reported to the conference coordinator and the BPAM state office no less than seven (7) days before the season begins. All students from a high school must bowl on the same team. Schools wishing to pair must make a reasonable attempt to pair with a team in a neighboring community. To preclude a state of "competitive disadvantage" the Triad commission reserves the right to reject any proposed pairing.

Name of person making the application _____

Names of the schools wanting to pair _____

By signing below you acknowledge that you have read and understand rule #2.04 and that your reason for wanting to pair is not to exclude bowlers of lesser ability from participating in Minnesota High School Bowling or to create a "Super Team."
